LUCCA lounge chair

At first glance, the new Lucca collection feels instantly familiar, making it easy to love. Then dive deep, and subtle design details emerge. The armchair and lounge chair feature graceful silhouettes inspired by Japanese calligraphy, while the armrests and woven textile bands pay tribute to Southern braiding techniques. The soft fibre's core offers gentle stretch for enhanced comfort while sinking into its cushions. The dining table's shield-shaped supports and rounded ceramic top make it a timeless centrepiece, complementing any outdoor setting.

CESTA swivel chair

CESTA draws its inspiration from traditional basket weaving methods. From ancient plaiting and coiling to modern industrial weaving designed for elevated outdoor style, enjoyment, and durability, today's artisans interpret time-honoured skills using aluminium and rope. Distinguished by clean lines and minimal adornment, CESTA's woven backrest plays the starring role. The sumptuous cushioning complements the sleek frame, while the seat offers gentle movement from side to side.

SEREN low tables

Introducing SEREN, a coffee table collection that embodies sophistication, functionality, and versatility. The essence of SEREN's design lies in its interchangeable bases and tops, crafted from premium materials including teak, aluminium, travertine, and ceramics. Combined with a variety of height options, these allow for endless design possibilities. Though inherently robust, SEREN retains a sleek and refined aesthetic. Inspired by the serenity of nature, its soft, rounded edges lend a sense of fluidity and grace, creating a balance between form and function.

MARE low tables

Imagine the soothing rhythm of waves on a light blue ocean. It was the inspiration behind MARE. This side table is a reinterpretation of the classic Martini table. Designed for effortless use on lazy afternoons or cozy nights, it can be easily positioned beside sofas and loungers, with the base sliding underneath. Its textured glass tabletop enhances the lightness of the design, casting gentle ripples across the floor as sunlight dances upon its surface. MARE is a must-have addition to any outdoor setting, where every moment spent feels like a holiday.

DUNES low table

The timeless DUNES table, with its gently domed sculptural base and smooth circular top, welcomes a 2025 addition. The new low table features not one but three of its signature bases in varying sizes, supporting an organically shaped, pebble-inspired top. As unpretentious as the original monobase, this low table complements any outdoor setting. Available in solid teak for warmth, a terrazzo-inspired finish, or with contrasting materials, making a design statement, it allows you to customise outdoor spaces just as you envisioned.

ILLUM lounge chair

The ILLUM collection refers to the classical Scandinavian furniture archetypes, translated with updated materials for outdoors. The ILLUM lounge chair now completes the family. As in the original elements, seamlessly sculpted aluminium takes centre stage. The new lounge chair embodies a perfect balance between form and function, prioritizing functionality without compromising on comfort, while maintaining the signature elegance and the familiar droplet silhouette of ILLUM.

SENJA sofa organic corner / pouf module

SENJA introduces an innovative extension module featuring a 135-degree angle. This addition enhances the sofa's modular versatility, allowing for the creation of organically shaped settings. Effortlessly connect it with the existing sofa, armchair, and lounge components, or position it at the end, creating a cozy enclosure. Alternatively, it can stand alone as an isle of relaxation. This uniquely angled SENJA module continues to push the boundaries of outdoor comfort and style, ensuring every corner to be inviting and chic.

YABU PUSHELBERG

Founded in 1980 by George Yabu and Glenn Pushelberg, Yabu Pushelberg is now one of the most recognized design firms worldwide. The firm's multidisciplinary approach has evolved to encompass all aspects of design, including many product collaborations. With studios in Toronto and New York and projects in over sixteen countries, attention to detail and a spirit of exploration remains a hallmark of the firm.

MONICA ARMANI

Attention to detail and a sense of geometric perfection characterize the work of the Italian architect and designer Monica Armani. She has always been fascinated by the world of the outdoor. She grew up in a villa on a hill, designed by her father, a rationalist architect, where the design and the formal aesthetics are a unique continuous between the inside and the outside.

STUDIO SEGERS

Designers Wim Segers', Bob Segers' and Tom Fonteyn's deep respect for craftsmanship, tradition, attention to detail and refined simplicity characterize their pure and honest creations. The studio's architectural insights and graphic sensibility offers fresh perspectives, enriching the design process. Material, form, and function are crafted into well-balanced designs.

MARC MERCKX

Marc Merckx worked for 15 years as a design director and product designer for Vincent Van Duysen, managing residential and commercial projects as well as designing furniture for well-established international brands. His design philosophy challenges the principle of reduction with light structures and strong materials. Technical and proportional aspects are meticulously developed while working with close attention to contemporary craftsmanship....

TRIBÙ

COLLECTION 2025

In the heart of Belgium, a land renowned for its rich history, vibrant culture, and exquisite craftsmanship, 55 years ago a brand was born that sought to redefine the essence of outdoor living. This brand is Tribù, a beacon of luxury, innovation and warmth in the world of outdoor furniture design. Born from a profound respect for the art of leisure and a deep-rooted family tradition, Tribù embarked on a journey to transform outdoor spaces into havens of tranquility and elegance.

The story of Tribù began with a simple yet revolutionary idea: to create outdoor furniture that embodies the luxury and comfort of the finest indoor pieces, yet durable enough to withstand the elements. The founders, a visionary family of engineers with a passion for design and an unwavering commitment to quality, saw the garden not just as an extension of the home, but as a living space where moments are shared, memories are made, and the beauty of life is celebrated.

Driven by this vision, Tribù became a true pioneer in crafting collections that blend seamlessly with nature while making no compromises on comfort or style. Each piece of furniture is a testament to Belgian craftsmanship, designed with meticulous attention to detail and made from materials of the highest quality. The brand's commitment to sustainability and innovation is evident in every curve and weave, ensuring that their creations not only elevate outdoor living but also endure through time.

Tribù's journey is one of passion, innovation, and the belief in the power of togetherness. It's a story that resonates with those who appreciate the finer things in life and seek to create spaces that reflect their values and aspirations. From the serene gardens of private residences to the elegant outdoor areas of luxury resorts, Tribù's furniture has found its place in the hearts of those who understand that true luxury is about experiencing the art of leisure in its most beautiful form.

As Tribù continues to inspire and innovate, its legacy grows, not just as a brand, but as a symbol of how luxury, design, and family values can come together to create something truly extraordinary. Tribù is not just about furniture; it's about creating a lifestyle where every second spent outdoors is a celebration of life's finest moments.
