

TAO TABLE

MONICA ARMANI

DESCRIPTION

The elegant TAO table collection is a lesson in perfectly balanced contrasts – bold sculptural pedestals and slim table tops that are pleasing to the touch. Italian designer Monica Armani has used lightened concrete to give a look of elegant solidity to this dining and coffee table. The dining table has a central pedestal, which supports a finely milled round table top. The coffee table plays tricks with symmetry by setting the finely milled square table top off centre. The TAO tables come in warm, natural linen and wengé tones to create striking centrepieces for any setting.

MATERIALS

Lightened concrete is a mix of mineral granulates and organic fibres without resins. Unlike ordinary concrete, it doesn't contain gravel which makes it a lot lighter. The lightened concrete is coloured in the mass, with a subtle variation of shades, unique to every table. Each furniture piece is hand-finished by an Italian craftsman, giving it a unique patina and a smooth surface texture.

Although strong and with a low porosity, lightened concrete is a natural product and sensitive to stains. Despite the fact that we treat our tables with a concrete conditioner that reduces stains and moisture absorption, some caution is required, as with natural stone and marble.

Therefore we invite you to carefully read the maintenance instructions.

TAO TABLE

TECHNICAL DRAWINGS

01666 Dining table dia 160 cm

delivery unit: 1
packaging base:
63,5 x 65 x H87,5 cm - 0,4 cm³
115 kg
packaging top:
179 x 179 x H18 cm - 0,758 cm³
141 kg

01668 Dining table dia 180 cm

delivery unit: 1
packaging base:
63,5 x 65 x H87,5 cm - 0,4 cm³
115 kg
packaging top:
198 x 200 x H17,5 cm - 0,7 cm³
167 kg

Attention. If you want to move the TAO dining table, you need to do this with at least 3 people, dividing the weight. Otherwise there is a risk of cracking.

01682 Coffee table 80 x 80 cm

delivery unit: 1
packaging base:
58 x 58 x H50 cm - 0,17 cm³
40 kg
packaging top:
90 x 90 x H9 cm - 0,07 cm³
25 kg

* Appearances, measurements and weights may slightly differ from reality.

TAO TABLE

PROTECTION COVERS

For each item a cover is available that protects the furniture against dirt. These covers in grey colour are made of PU coated polyester which is water-repellent and UV-resistant. Thanks to their excellent breathable qualities the covers reduce condensation and heat build-up, helping to prevent the formation of mold and mildew. Nevertheless, they are not 100% waterproof. Always make sure that furniture, cushions and covers are completely dry before covering furniture.

MAINTENANCE

For daily cleaning, dip a soft, clean cloth in a solution of warm, clear water and a pH-neutral fluid detergent. Rinse thoroughly and let dry. Stains should be wiped off immediately, especially acidic substances (juice, coffee, red wine, balsamic vinegar,...) since they may cause permanent stains. Also bird droppings and leaves may cause permanent stains if not removed immediately. We recommend to use a protective cover if you are not using your table.

Oil and wax stains can be removed by using Tribù Oil, wax and grease remover. Do not use corrosive or acidic detergents.

To protect your table, we recommend to use Tribù Lightened Concrete Conditioner regularly. However, it does not protect against acidic substances. This product can also be used for removing stains. Depending on the type of stain and its age, the stain can be completely removed or its intensity reduced.

Lightened concrete contains natural fibers that can surface over time due to temperature fluctuations, which could feel slightly unpleasant to the touch. If this happens, we recommend to lightly hand sand the table top with a sanding disc making circular movements until the surface feels smooth again.
